To Whom It May Concern,

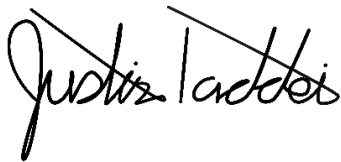

I have known Olivia for many years and often mentored her during her studies. Throughout this time, I have observed her natural and intuitive problem-solving abilities and relentless drive to learn everything she can about software engineering. When faced with complex problems, she has demonstrated determination to find solutions on her own while also recognizing when it makes sense to ask others for help.

Olivia's friendliness, positive attitude, work ethic, and outgoing personality are sure to make her the favorite of any team she joins.

As a Senior Engineer, I have had the opportunity to mentor many individuals over the years. It has been the greatest pleasure to mentor Olivia. She has shown more dedication and aptitude for retaining knowledge and learning new skills than any other protégé.

It is without hesitation that I recommend Olivia Marolf.

Sincerely,

A handwritten signature in black ink that reads "Justin Taddei". The signature is written in a cursive, flowing style with a large initial 'J' and 'T'.

Justin Taddei

Senior Software Engineer
